

Raccordi per guaine LFNC-B

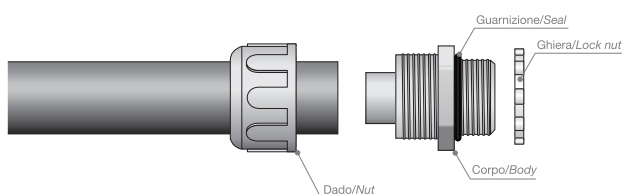

Fittings for LFNC-B conduits

Impiego - Use

Raccordi costruiti in poliammide PA6 libero da alogeni per guaine rinforzate LFNC-B.

Fittings made of halogen-free PA6 polyamide for LFNC-B reinforced conduits.

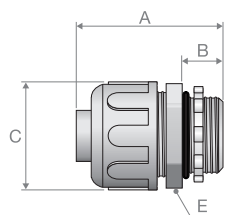

Dati Tecnici - Technical data

Caratteristica - Characteristics	Valore/proprietà - Value/property
Costruzione <i>Construction</i>	Raccordi costituiti da 4 elementi: corpo, dado di bloccaggio, ghiera, guarnizione <i>Fittings made of 4 parts: body, counter nut, lock nut, sealing gasket</i>
Materiale <i>Material</i>	Dado di bloccaggio e corpo in poliammide PA6 libero da alogeni, ghiera in acciaio zincato <i>Counter nut and body are made of halogen-free PA6 polyamide, lock nut made of galvanized steel</i>
Temperatura minima di esercizio <i>Minimum working temperature</i>	-40°C
Temperatura massima di esercizio <i>Maximum working temperature</i>	+120°C
Grado di protezione <i>Protection class</i>	IP67
Guaine compatibili <i>Compatible conduits</i>	LFNC-B
Colore <i>Color</i>	Grigio <i>Gray</i>

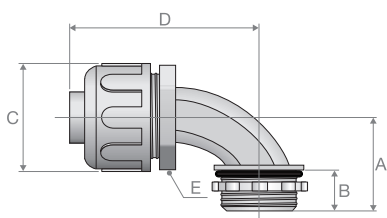

Codifiche e dimensioni - Coding and dimensions

Raccordo diritto maschio - Straight male fitting
